24 Piper St Kyneton VIC 3444

Bookings and Inquiries email : neil@royalgeorge.com.au or phone : (03) 5422 1390 Cost \$135 per person

Media Release 1 June 2009

'The Landmark Australia Tutorial is the wine industry's most significant investment to date in telling Australia's fine wine story to an international audience. Aimed at celebrating Australian excellence not just in wine, but also in terms of food, hospitality and tourism, 12 of the world's most influential wine media and educators will be hosted by Wine Australia in the Barossa Valley for five days.'

"The inaugural Landmark Australia Tutorial will comprise more than 200 of Australia's finest wines, presented by the country's leading winemakers and commentators, and accompanied by an original series of seminars devised uniquely for the event. Anticipated highlights include an 'Historic' masterclass featuring sought-after wines such as the 1954 Seppelt Great Western Hermitage K72 Shiraz, the first vintage of Penfolds Grange (1955) and an extremely rare 1955 Wynns Coonawarra Estate 'Michael' Hermitage. A Slow Food/Slow Wine evening also promises to be an inspiring experience, showcasing the best of the Barossa's local produce partnered with Australia's new wave of alternative varietals and sustainably-grown wines."

"The 248 wines chosen to articulate the Australian fine wine story were nominated in collaboration with the guest tutors for each masterclass, and are intended to capture a sense of Australia's winemaking history, as well as to give an indication of Australia's intended future direction in terms of style, varietal expression, technical development and regional signature".
